LANDSCAPE STONE

PRODUCT INFORMATION GUIDE

WHY SEMCO STONE

For over 25 years, Semco Stone has set the standard for quality natural building veneer and landscape stone. Based in Missouri in the heart of Limestone Country, we supply natural and manufactured stone products—including veneer, landscape stone, retaining wall stone, pavers, and slabs—to contractors and retailers nationwide.

»» WE QUARRY.

Our Cedar Ridge and Old River quarries produce six distinct limestone varieties, each with its own unique character.

»» WE STOCK.

Located in the heart of the Midwest, Semco Stone's 60-acre yard stocks a wide variety of both landscape and building stone from not only our own quarries, but from all over the country.

»» WE FABRICATE.

Semco Stone has a state-of-the-art fabrication facility, tumbling and bagging operations. We are continuously striving to exceed industry standards through advancements in technology to better serve our customers.

»» WE DELIVER.

Whether dispatching our own fleet of equipment regionally, or utilizing our partnerships in the transportation industry nationally, we have all logistics needs covered.

- **Products shipped in full pallet quantities only.**
- **Stone products are a natural product and subject to the natural variances in color, size and quantity.**
- **Accounts without copies of proper tax exemption certificates on file will be assessed applicable taxes.**
- **Prices do not include templates, patterns or engineering unless otherwise indicated.**
- **No discounts on trucking or palletizing.**
- **Due to the fluctuations of fuel prices, loads are subject to fuel surcharges.**

Semco Building Stone and Landscape Stone are natural stone products. Semco uses state-of-the-art technology to extract the stone in its natural state as safely as possible. However, products may contain cracks, pits, or other imperfections as a result of the quarrying process. The beauty of natural stone products resides in its unique characteristics; as a result, color, texture, size and bed-face variations will occur and may vary from samples provided to the customer and from shipment to shipment. Photographs, print material and items viewed on the Internet may be, in some measure, different from the stone you actually receive. All products are provided to you "AS IS" without warranty of any kind.

(non-stock)

Effective March 15th 2023, our policy for “Orders Ready, Over 30 Days”

- **After an order becomes ready for pickup or delivery, the customer will have 30days to accept delivery of material or get it scheduled for delivery.**
 - This applies to orders that we are to ship, as well as orders that the customer intends to handle the freight on.
 - If we are scheduling it, and are being delayed in acquiring a carrier, the customer will not be held responsible. – As long as they are agreeing to a reasonable market rate that we provide.
- **Once an order has hit the 30day threshold and is still sitting, the following will apply:**
 - Customer pays a 50% deposit to hold the order.
 - Without a deposit, the order **will be cancelled** out of the system and the material will be available for the next in line.
 - If a customer still wants the material on order after cancellation, a new order would be needed and current ETA's applied.
- **Order status will be tracked in line with the ETA's posted on the orders.**
 - *For example* : If an order is given an ETA to be complete on May 1st, but is ready early on April 10th, the 30day tracking doesn't start until May 1st.
 - If ready past the ETA, timing starts when ready to be picked up/shipped.
- **For any order that a customer would cancel *after* we have received the 50% deposit, that 50% will be handled as follows:**
 - We will refund 25% (*1/2 of their deposit amount*)
 - The remaining deposit, 25% of the order, will be the restocking fee as per our standard practice.

Useful Conversions

- Square Feet = Square Inches X .007
- Square Yards = Square Feet X .111
- 1 Square Yard = 9 Square Feet
- 1 Cubic Yard = 27 Cubic Feet
- U.S. Gallons = Cubic Feet X 7.48
- Cubic Feet = 1 U.S. Gallon X .13368
- 1 U.S. Gallon weighs 8.33 pounds
- 1 Acre = 43,560 Square Feet
- Typical Home Yards = 5 to 7,000 sq.ft.

Bagged Gravel

- 1 Cubic Foot bag spread 1" thick covers 12 sq.ft
- 1/2 Cubic Foot bag spread 1" thick covers 6-9 sq.ft.

Formulas for Calculations

- Area in Square Feet = Length X Width
- Triangle Area = Base Length X .5 Perpendicular Height
- Circle Area = Diameter ² X .7854
- Circle Circumference = Diameter X 3.1416
- Circle Diameter = Circumference X .31831
- Cubic Volume = Length X Width X Depth

Coverage for Various Depths

- ONE CUBIC YARD WILL COVER:*
- 324 Square Feet at a 1" depth
 - 162 Square Feet at a 2" depth
 - 108 Square Feet at a 3" depth
 - 81 Square Feet at a 4" depth
 - 65 Square Feet at a 5" depth
 - 54 Square Feet at a 6" depth

Converting Tonnage to Coverage for Various Materials (Weight to Volume)

<u>Material</u>	<u>Pounds per Cubic Yard</u>	<u>1 Ton Covers</u>
Limestone Aggregate	1900	111 Square Feet at 3" depth
Limestone Grade 8	2300	93 Square Feet at 3" depth
Meramec Rock	2000	108 Square Feet at 3" depth
Sand	2250	96 Square Feet at 3" depth
Landscaping Stone (most types)	2150	100 Square Feet at 3" depth
Lava Rock	1075	200 Square Feet at 3" depth
Limestone Dry Wallstone	NA	Wall 1 Foot High X 20 Feet Long
Sandstone Dry Wallstone	NA	Wall 1 Foot High X 22 Feet Long
Red Granite Dry Wallstone	NA	Wall 1 Foot High X 22 Feet Long
Brown Natural Wallstone	NA	Wall 1 Foot High X 25 Feet Long
Limestone Flagstone	NA	Walkway 3' Wide X 30 Feet Long
Sandstone Flagstone	NA	Walkway 3' Wide X 30 Feet Long
